

More than a cemetery

AGE LTD (Anna, Günther, Ela Private Limited Company)

Vienna Central Cemetery is more than a cemetery and it's definitely worth going there. If you survive the popular saying "he/she has taken the 71" you'll find one of the most striking examples of Art Nouveau-architecture (St. Charles Borromeo Cemetery Church) amidst a lot of other architectural jewels.

This cemetery is also a tourist hot spot in Vienna. The honorary graves attract visitors and so they did with us. Along the graves of artists, composers and writers we found that of the Austrian sculptor Franz West most remarkable.

We have never seen such an attractive phallus symbol reflecting male misery in the world...
