

5 Internet Safety Tips

Don't Give Out Personal Information

Keep your personal information private and use it on safe sites only.

Create Complex Passwords

Create passwords with a combination of letters, numbers, and symbols.

Keep Your Computer Updated

Keep your device software up to date so it is not vulnerable to malware.

Avoid Suspicious Online Links

Some websites may steal your personal information by asking you to take a quiz. Be careful!

Check Website Reliability

Before purchasing anything on a website ensure that it's safe.
